

We cut out the middlemen, so our members pay only what they have to

Payment Depot is a membership company that connects our members directly to the wholesale rates set by Visa, MasterCard, American Express and Discover. Rather than charge an additional percentage to process each payment, we charge a flat monthly membership fee. This model allows our members to save up to 40% (or more) on their processing fees compared to a traditional processor.

Our standard membership fees are determined by the average monthly processing volume of your business. However, as NRHSA members, you have access to an exclusive plan, with no processing limits.

Here is the pricing breakdown:

Membership Fee: \$49/month

Transaction fee: \$0.05

Interchange + 0%

Month to month contract

No cancellation fees

If you have questions about how this pricing relates to your current fees, or to sign up, please reach out to sales@paymentdepot.com or call 877-876-8776 and mention NRHSA.
